Professional Experience

Web Developer | Walstar Technologies Pvt. Ltd.

August 2023 – June 2026

- Contributed to the development and maintenance of 80+ WordPress websites for clients across multiple domains.
- Built responsive landing pages from Figma and Canva designs using Elementor Pro.
- Customized WooCommerce stores including product, shop, cart and checkout experiences.
- Developed and customized headers, footers, archive pages, single pages, Child Themes, ACF fields and Custom Post Types.
- Optimized website performance using WP Rocket, LiteSpeed Cache, SiteGround Optimizer, WP-Optimize, Hummingbird, Smush and Imagify.
- Applied accessibility best practices based on WCAG 2.1 AA using WebAIM color contrast validation.
- Managed website migration, DNS, SSL, SMTP, VPS hosting and AWS EC2/S3 related deployment tasks.
- Implemented WordPress security using Wordfence, MalCare and two-factor authentication.
- Supported Upwork client communication and coordinated delivery with internal team members.
- Mentored freshers by assigning tasks, reviewing deliverables and ensuring quality before client submission.
